**RESUME:**

A very experienced mediator and negotiator with specialist knowledge of all aspects of the construction industry. Extensive experience gained in mediating personnel, pharmaceutical, finance, manufacturing, land and construction disputes. Particularly interested and experienced in combining mediation with other means of dispute resolution including adjudication and expert determination.

**MEDIATION EXPERIENCE & STYLE:**

Since registration in 2001, in excess of 80 mediations completed in the UK with an extremely high rate of party settlement including multi-party, multi-issue, disputes. Trained in London, Rome and the USA, this mediator describes his mediation style as being totally committed, robust and realistic; adopting an evaluative approach where a facilitative approach to the mediation is likely to result in a failure to settle. Vinden is trained in hostage negotiation and is comfortable in high pressure disputes where extreme conversations and negotiations are the norm.

**EMPLOYMENT BACKGROUND:**

Currently Managing Director of The Vinden Partnership, a multi-disciplinary consultancy offering procurement, project management and dispute resolution services to industry. Currently engaged fully as an adjudicator, arbitrator, mediator and expert witness. Previously Director of various development, construction and specialist contractor organisations.
