

Nancy Radford

Conflict Resolution Profile

Nancy is an experienced & enthusiastic mediator who excels at listening to all sides, clarifying and translating views so all parties understand. Clients value her ability to help them step back and discover new perspectives, especially in situations where emotions are involved. Her calmness and clarity enable clients to find their own effective resolutions and solutions. Nancy is trained and experienced in delivering online as well as face to face mediation. She also provides conflict coaching and training. Nancy mediates online or by telephone. (Face to Face may also be an option)

Mediation Style and Approach

Nancy's relaxed, approachable manner combined with a gentle firmness ensures that discussions stay on track and are productive. Nancy works with the clients individually before the joint session. This helps them identify the issues and decide what outcomes are most important. It also provides a chance for them to vent and reframe the situation and gives time to think through options. This vital preparation work combined with a positive and calm approach results in 80% of cases settling on the day. If there is no settlement on the day, Nancy is happy to continue working with the participants if agreed, so that the momentum towards settlement is not lost. Nancy also offers the options of informal early intervention, online mediation or coaching

Comments from clients of mediation and early intervention

Mediation

We just wanted to thank you personally for your Mediation services today. We had felt extremely nervous leading up to today and weren't quite sure what to expect, especially given that the session would be virtual. You put us at ease from the outset and we were very impressed at your skill in managing the dynamics. The outcomes we had hoped to achieve were met and are now in motion. We have breathed a huge sigh of relief, our first in weeks. (participants)

The session with Nancy today was brilliant, she is very skilful and has great insight. It went extremely well and the outcome has been very positive. (workplace mediation participant)

We were very impressed with the level of service we received. The Mediator Nancy was fantastic, very informative and helped put our minds at ease. As we were new not only to the mediation process but also the Zoom call communication method. Nancy explained everything from start to finish. We felt very comfortable with her and the whole process ran smoothly. (mediation participant)

Apparently, everyone needs a Nancy! (MD of company after successful workplace mediation)

Thank you very much for being able to deal with this so quickly. The feedback from both parties is that they both got a lot out of the process and it has really helped them. (Manager after workplace mediation)

Early Intervention (Training/Coaching)

We have used the services of Nancy on several occasions and for staff training. Nancy has a way of engaging people and supporting them to work through some very difficult issues in a supportive way. We have had great results and learnt a lot as a team. She is a skilled and an inspirational professional who comes highly recommended. (Charity CEO, workplace trainings/mediation)

Nancy provided an excellent service and brought much clarity to the situation. She enabled us to navigate through a potentially tricky dialogue with confidence and her approach was much appreciated. She also worked in ways which helped "lift the lid" on personal blind-spots and this too was really helpful. Thoroughly professional, knowledgeable and competent, I unreservedly recommend Nancy to you. . (participant)
